Honorable G. Murrell Smith, Jr., Speaker
South Carolina House of Representatives
506 Blatt Building
Columbia, SC 29201

Re: SCDOT 2022 Annual Report

Dear Mr. President and Mr. Speaker:

I am pleased to submit the South Carolina Department of Transportation (SCDOT) Annual Report for 2022. Included in the report is an update on our progress towards repairing and upgrading the state's road and bridge network. Thanks to the funding provided in 2017 by the Legislature, significant progress has been made with thousands of miles of paving projects, hundreds of bridge projects, over 1,000 miles of rural road safety projects and numerous miles of interstate upgraded. Amongst these four main categories, SCDOT has either surpassed or is on target toward our 10-Year Plan.

In accordance with the South Carolina Code of Laws SS 57-3-760, SCDOT is required to provide this report to the General Assembly. In concurrence, this Annual Report satisfies the condition of the 2017 Act No. 40, SS 57-1-380 requiring SCDOT to provide and publish an annual update on achieving the Transportation Asset Management Plan (TAMP) performance goals.

We greatly appreciate your commitment to improving the state's infrastructure, and we look forward to continuing the successful execution and expansion of the 10-Year Plan. Please do not hesitate to reach out to us if you have any questions or need additional information.

Sincerely,

Christy A. Hall, P.E.
Secretary of Transportation

cc: Henry D. McMaster, Governor of South Carolina
ec: South Carolina General Assembly

ANNUAL REPORT

January 2023 - Reporting on State Fiscal Year 2022

The South Carolina Department of Transportation (SCDOT) is the state agency in South Carolina responsible for planning, constructing, maintaining, and operating the highway system in South Carolina, as well as the development of a statewide intermodal and freight program. The SCDOT Headquarters is located centrally in Columbia, with county offices representation in every county across the state. On a day-to-day basis, 1 Secretary of Transportation, 3 Deputy Secretaries, 7 Engineering Districts, 46 County Offices, and approximately 4,500 hard-working men and women fulfill this charge.

There is a nine-member Transportation Commission that governs SCDOT, with one member from each of the seven Congressional Districts and two at-large members. The Commission appoints the Secretary of Transportation, with the advice and consent of the Senate. The Secretary is charged with the duty to carry out the policies of the Commission, administer daily operations of the agency, and provide direction to staff.

This transportation organization composes the 4th largest state-owned system in the United States with approximately 41,295 centerline miles of roadway and 8,431 bridges. While serving the 10th-fastest population growth rate in the nation, the highway system is vital to the increasing growth of South Carolina's economy. South Carolina's highway system interconnects ports with major cities and commercial hubs while promoting the efficient transfer of both goods and people within the State and across interstate corridors. South Carolina continues to attract new residents, tourists, and businesses. This growth has influenced SCDOT's ability to maintain and operate the transportation network. SCDOT has focused its efforts to getting the system to a state of good repair through the development and implementation of an aggressive 10-Year Plan to drive investments towards projects that aid in recovering the system from the past three decades of underfunding.

"The money's been put to work and the industry has responded. The bottom line is... we've exceeded the targets that we've set up, so it's time to raise the bar."

Christy Hall, P.E.
Secretary of Transportation

The SCDOT 10-Year Plan became possible through the passage of Act 40 of 2017, by the South Carolina General Assembly. It infused approximately \$600 million annually in new state funding dedicated to SCDOT. In 2022, the Governor and the General Assembly approved \$453 million in one-time American Rescue Plan Act (ARPA) funds to accelerate our interstate widening program, \$133.6 million is one-time funding for the widening of our rural interstates, \$120 million in state funding to serve as a match for our federal aid program, and \$250 million to the County Transportation Committees (CTCs). The increased funding has and will continue to allow us to make progress over the next decade in restoring our transportation network.

On the federal side, SCDOT received an increase in federal funding -approximately \$1 billion-through the Infrastructure Investment and Jobs Act (IIJA), with additional federal funds tied specifically to bridges, electric vehicle charging, and discretionary grant programs. Together, these unprecedented investments in the state's physical infrastructure will help all South Carolinians by combating congestion in urban areas and addressing economic development and mobility needs in rural areas.

SECTION I - Agency Accomplishments

The 10-Year Plan has been marked with successes as roads are resurfaced, bridges are replaced, interstates are widened, and rural roads are tackled. In addition to those successes, SCDOT strengthened partnerships and earned major achievements and awards as follows:

- In July 2021, the US 15 Bridge over Indian Fields Swamp won a **2021 Design-Build Merit Award** from the Design-Build Institute of America's National Project/Team. The Dorchester County project was designed, permitted, and constructed in 111 days from notice of award, which was 52 days ahead of the required completion date.
- Benedict College, FHWA, and SCDOT held a virtual **2021 Summer Transportation Institute (STI) Event** in July 2021. The program consisted of 21 high school students representing 15 high schools in South Carolina. The federal initiative was created to bring about awareness to students on career opportunities in transportation.
- On November 2, 2021, SCDOT employees in every county participated in the **Fall Cleanup** event. Thousands of pounds of litter were picked up statewide from the highway system.
- **Carolina Crossroads Groundbreaking** Ceremony on November 8, 2021, Governor McMaster joined SCDOT, FHWA and other elected officials for the groundbreaking of the Carolina Crossroads project in Columbia. The project is South Carolina's largest interstate improvement project to date and will improve 14 miles of I-20, I-26 and I-126.
- The contract for the final phase of the **Berlin G. Myers Parkway** was awarded on November 15, 2021, after more than 18-years of permitting and engineering work. This project required two environmental permits (404 and 408), which was a very rare occurrence. This will complete the final 3.9 miles of the parkway in Summerville.
- In December 2021, SCDOT partnered with the South Carolina Department of Public Safety to kickoff the **"Sober or Slammer" Campaign** and address the high number of traffic and pedestrian fatalities in South Carolina.
- In February 2022, SCDOT partnered with SCDPS to film a **"Move Over" Public Service Announcement** reminding motorists to slow down, proceed with caution, and if possible, change lanes when approaching emergency vehicles on the side of the road.
- The **Spring Spruce Up** event was held on March 30, 2022, in conjunction with Lt. Governor Pamela Evette's **Grab-A-Bag** SC effort. Approximately 2,000 SCDOT employees participated statewide in the clean-up event and removed more than 97 tons of litter from South Carolina highways.
- SCDOT and SC Department of Public Safety (SCDPS) jointly won the State Library **Notable State Document Award** on April 13, 2022. The award recognized the "South Carolina Strategic Highway Safety Plan Target Zero" document that provides a comprehensive and coordinated framework for safety partners to reduce fatalities and serious injuries on all public roads in South Carolina.
- In May 2022, the American Council of Engineering Companies awarded SCDOT the **National Engineering Excellence Award** for the agency's work to repair a damaged tendon (cable) on the I-526 Wando River Bridge. The damage was discovered during a routine inspection in May 2018, and the bridge was fully reopened to traffic three weeks later.

SECTION II - Delivering Results with the 10-Year Plan

The 10-Year Plan was developed by SCDOT by aligning all of the agency's infrastructure repair and improvement efforts. This plan encapsulates 2018-2027, and has allowed SCDOT to succeed by (1) Diversifying SCDOT's revenue stream to not be over reliant on federal funds, and allowing projects to be streamlined; (2) Phasing in the Gas Tax increase to allow ramping up of industry; (3) Implementing a strategic targeted plan to rebuild and improve the transportation network; (4) Putting SCDOT in a position to maintain a robust construction program, despite external impacts.

At the halfway mark of this plan, unprecedented progress has been made. SCDOT has dramatically increased its work program by tripling its construction program to a record-breaking \$3.8 billion level at the end of 2022. There is construction or maintenance in *every county*. The transportation industry has responded by completing record-breaking levels of work. We have invested the funds in these four programs, exactly the way we said we would:

- **SAFETY/RURAL ROAD:** South Carolina has the worst Rural Fatality Rate in the nation. Nearly 30% of the state's fatalities and serious injury crashes occur on rural roads that makes up 5% of the network. The Safety/Rural Road program *raised the bar from the ten-year total of 1,000 miles to 1,250 miles*, and is currently **ahead of schedule at 756 miles completed to date**.
- **PAVING:** The largest single area of this investment is for paving. SC has a large network of roads that had been neglected for thirty years resulting in billions of dollars in deferred maintenance. By design, our Strategic Plan (Goal 2.2.) tracks the progress of our Pavement Program, in which every county is guaranteed paving projects. The major road networks or **primary routes have improved their measurement of "good" from 19% (2016) to 43% (2022)**, well on our way towards 53% Good target for year 2026. That is equivalent to paving **approximately 5,500 miles** of road!
- **BRIDGES:** The vital links in the transportation system in and across South Carolina are the bridges. SCDOT has targeted load restricted and bridges in poor condition on the network that create inefficiencies and unnecessary delays. With the completion of the three-year Load Rating Effort in 2021, and additional funding available, it became evident that a more holistic approach was needed to deliver the bridge program. SCDOT expanded the scope of the program and increased the number of bridges. The bridge program *raised the bar by increasing our ten-year target of replacing 465 bridges to 500 bridges* while remaining **on target with 224 bridges completed or under contract**.
- **INTERSTATE CAPACITY:** SC is booming and our economy is dependent upon good interstates to feed our economic engine. We have established an aggressive interstate widening program that will improve mobility and capacity by widening more than 100 centerline miles of interstate, targeting bottlenecks in urban areas and key rural sections. Our ten-year objective of improving 140 miles of interstates is **on target with approximately 82.5 miles completed or advanced to construction**.

The 10-Year Plan is financially backed by both state and federal funds with the allocation of funding strategically assigned to maximize efficiency and leverage all funds to their maximum potential and benefit to our state. The 10-Year Plan also embraces asset and performance management principles, including tying specific levels of investment to desired outcomes (targets).

ANNUAL REPORT

Each year, SCDOT reports on this progress and has compiled the table below in compliance with SC Code of Laws, [Section 57-1-380](#).

Transportation Asset Management Plan (TAMP) Performance Targets												
	Baseline		2016 Baseline		10-Year Target		Year Five				Average Annual Funding Level	Commission Approval Date
	Centerline Miles	% VMT	% Good	% Poor	% Good	% Poor	% Good	% Poor	% Good	% Poor

Emphasis Area: Intersections & Other High-Risk Locations											\$22M Emphasis Area Allocation	
Intersection Safety Projects											\$13M	March 2018
Railroad Safety Projects											\$4M	March 2018
Work zone Enforcement											Included in Project Costs	
Target Zero Law Enforcement Teams											Previously Allocated	
Road Safety Assessments & Implementation											\$5M	March 2018
Emphasis Area: Vulnerable Roadway Users											\$5M Emphasis Area Allocation	
Pedestrian & Bicycle Safety Projects											\$5M	March 2018
Safety Data Analytics											\$2M Allocation	
Total Average Annual Funding											\$99M	March 2018

¹Pavement condition based on Pavement Quality Index (PQI).
 NFA Secondary annual funding of \$121M includes estimated \$39M in CTC spending
 **Bridge conditions based on Federal Metrics.
 **Bridge Program Numbers are bridges complete and under construction Updated July 29, 2021

As noted in the table, very good progress is being made towards the targets in the 10-Year Plan with the exception of fatalities. Regrettably, South Carolina has followed the national trend of seeing increased fatalities in both vehicular crashes and non-motorized (bike/ped) crashes. It appears that lower traffic volumes across the state, due to changes in commute and travel patterns since the arrival of the coronavirus, has led to higher speeds and crashes of greater severity.

ANNUAL REPORT

In addition to the significant amount of road and bridge construction all across the state, SCDOT's maintenance forces continue to deliver results maintaining the nation's fourth largest transportation system. Below is a sampling of the maintenance activities performed each fiscal year:

Fiscal Year	Work Requests Received & Processed	Pothole Requests Received & Processed*	Acres Mowed	Pounds of Liter/Debris Removed (in millions)	Encroachment Permits Approved
2017	64,000	12,421	167,000	6.40	11,310
2018	63,553	18,338	162,000	6.46	11,723
2019	83,631	34,808**	174,000	6.61	12,762
2020	86,300	27,709	155,400	5.72	12,391
2021	84,000	28,812	162,190	5.41	9,119
2022	80,774	24,925	136,327	5.34	9,359

All values are approximate.
** Previous Annual Report data reported on the number of potholes filled; this data captures citizen's request to patch potholes.*
***Pothole Blitz January 2019*

SCDOT staff also processed several damage claims filed by citizens over the past several years.

As shown in the table below, the number of claims and amount paid can vary significantly from year to year. The data reflects only the claims processed and paid directly by SCDOT.

Calendar Year	Total Number of Claims	Amount Paid
2017	2,295	\$ 397,961
2018	1,085	\$ 135,568
2019	3,541	\$ 702,689
2020	3,161	\$ 700,135
2021	2,911	\$ 457,022
2022	2,672	\$ 447,274

The Secretary of Transportation and the governing board of the agency mentioned above, the SCDOT Commission, fully understand the challenge of building, maintaining, and preserving the pavement and bridge assets of the state highway system today, and how this will enable us to rebuild that system into one that will meet the needs of every South Carolinian in the future. To accomplish this, SCDOT developed and implemented four major transportation documents, to include the Strategic Plan (SP), Statewide Transportation Improvement Program (STIP), the Transportation Asset Management Plan (TAMP), and Statewide Multimodal Transportation Plan (MTP).

SCDOT has adopted transportation asset and performance management as a best management practice and has fully embraced the concept for all of its programs. These plans document our commitment to the Governor, General Assembly, and the citizens of South Carolina, that SCDOT will maintain the State Highway System in the highest state of good repair possible given the funding available. A description of each plan or program is below:

- **Strategic Plan** is the overarching guide of our transportation vision, mission, values, and goals. The SCDOT Strategic Plan is a multi-year plan provided to all employees and continually presented to new employees at New Employee Orientations. Our statutory charge to *“build and maintain roads and bridges in and across the state and provide mass transit to the motoring public”* continues to be our purpose and therefore, our strategic plan continues as we complete and track measures for each goal. Our Strategic Plan has five goals:
 - 1: **Improve safety** programs and outcomes in our high-risk areas.
 - 2: **Maintain and preserve** our **existing** transportation infrastructure.
 - 3: **Improve SCDOT program delivery** to increase efficiency and reliability of our road and bridge network.
 - 4: **Provide a safe and productive work environment** for SCDOT employees.
 - 5: **Earn public trust** through transparency, improved communications, and audit compliance.
- **Statewide Transportation Improvement Program (STIP)** is the state’s 7-year improvement program for all projects or programs receiving state or federal funding, including pavements, bridges, upgrades, freight, safety, congestion mitigation and air quality (CMAQ), transportation alternatives program (TAP), railroad crossings, planning, State Transportation Infrastructure Bank (STIB) payments, preventative maintenance and operations, and public transportation. This is reviewed every three years, but is also revised on a continual basis to reflect the latest program and project information. The current plan was approved in 2021, and it will be updated in 2024.
- **Transportation Asset Management Plan (TAMP)** is a 10-year plan that focuses on programs and activities to improve business practices, asset conditions, and system performance. The TAMP uses asset and performance management principles and practices that tie defined asset condition outcomes to specific levels of investment. In other words, how do we ensure that pavement and bridge assets have the longest service life possible for the least practical cost. The plan includes the condition targets that were established as part of our 10-Year Plan. This is reviewed at two-year intervals to evaluate performance targets and sets the agency’s asset investment strategies. The current plan was completed June 2022.
- **Multimodal Transportation Plan (MTP)** is a 20-year long-range plan that identifies statewide, multi-modal needs, forecasts investment levels, and estimates annual funding gaps. The Multimodal Transportation Plan is South Carolina’s long-range transportation plan. The 2040 Multimodal Transportation Plan update includes fully integrated modal plans for the Interstate, Strategic Corridors, Public Transit and Human Health Service Coordination, Freight, and Rail. This is updated every five-years. The current plan was completed July 2020, with the next plan to follow in October 2024.

SECTION III - 5-Year Plan Detailing Traffic Regulation

In response to Act 181 of 1993 (also known as the 1993 Restructuring Act), the SC Highway Department was separated into the Department of Public Safety, the Department of Motor Vehicles, and the Department of Transportation. Pursuant to Section 1507 of ACT 181, the duties and powers relating to highways do not contain traffic regulations (including administration and enforcement of traffic, driver, and motor vehicle laws) and are, therefore, not the responsibility of SCDOT.

SECTION IV - Firms, Companies, & Businesses with Contracts

The following are lists by five categories of all firms, companies, or businesses that did business with the South Carolina Department of Transportation for FY 2022 (July 1, 2021 – June 30, 2022).

The first report is all **Vendor Payments** and begins on page 8. This report includes all payments made to any vendor during FY 2021 and is sorted from highest paid vendor to lowest.

The second report focuses only on **Construction Contractor Payments**. The Construction Contractor Payments report begins on page 81 and reflects payments for construction work on the state highway system.

The third report focuses only on payments associated with work to construct, renovate or maintain SCDOT owned buildings. The **Facility / Capital Improvements** report is on page 82.

The fourth report focuses only on payments for vendor services generally affiliated with maintenance and operation of the state system as well as general supplies. The **Commodities and Services Contracts** report begins on page 83.

Finally, the fifth report focuses only on payments for engineering consultants and other professional services. The **Professional Services Contracts** report is on page 88.

The vendor numbers and names represented on the following lists were extracted directly from the South Carolina Enterprise System (SCEIS).

All Vendor Payments:

SCEIS Vendor Number	Vendor	FY22 Amount
7000275092	Archer United JV	\$ 133,040,140.05
7000245747	Blythe Construction Inc./Zachry	\$ 120,402,423.31
7000086543 7000094049	CR Jackson Inc.	\$ 57,860,678.70
7000042402	Palmetto Corp	\$ 51,062,827.32
7000040944	The Lane Construction Corporation	\$ 47,593,005.48
7000025264 7000177001	Banks Construction Co	\$ 37,469,313.88
7000025456	Satterfield Construction Co Inc.	\$ 37,206,805.91
7000026939	United Infrastructure Group, Inc.	\$ 36,824,364.51
7000241881 7000280979	Sloan Construction	\$ 33,706,356.39
7000295124	United-Blythe Panthers JV	\$ 26,909,806.17
7000268563	Eurovia Atlantic Coast LLC	\$ 23,639,117.42
7000216059	Rogers Group Inc.	\$ 23,616,305.19
7000176901 7000236139	Reeves Construction Co	\$ 22,277,097.89
7000226855	Lynches River Contracting Inc.	\$ 21,640,518.08
7000025545	Eagle Construction Company Inc.	\$ 19,795,422.39
7000198773 7000272185	Infrastructure Consulting & Engineering	\$ 18,706,412.40
7000157825 7000157831 7000308289	KCI Technologies Inc.	\$ 17,294,441.72
7000014996 7000029294	Southern Asphalt Inc.	\$ 16,576,154.90
7000028153	King Asphalt Inc.	\$ 14,370,367.85
7000279982	Boggs Contracting Inc.	\$ 14,307,459.11
7000050317 7000181804	CDM Smith Inc.	\$ 13,024,616.22
7000026633	Sanders Brothers Const Co Inc.	\$ 12,730,529.35
7000047601	E S Wagner Company LLC	\$ 12,481,050.23
7000250161	Berkeley County Government	\$ 12,126,339.86
7000079873	Mansfield Oil Co	\$ 11,857,431.09
7000191275 7000191276	Michael Baker International Inc.	\$ 11,412,909.87
7000025739	Bagwell Fence Company Inc.	\$ 11,271,558.92
7000037018	Bank of America-P Card	\$ 11,087,916.21
7000205899	Superior Construction Company	\$ 10,785,013.91
