SUMMARY	<p>This proviso requires SCDSS to send the General Fund the first \$800,000 of funds recouped from overpayments and refunds. All funds in excess of the \$800,000 shall be used by SCDSS for program and related activities.</p>
----------------	--

Summarize the existing proviso. If requesting a new proviso, describe the current state of affairs without it.

AGENCY NAME:	SC Department of Social Services		
AGENCY CODE:	L040	SECTION:	38

EXPLANATION	<p>This proviso was first adopted before FY 1979-80, at the time welfare benefits to clients were funded under the Aid to Families with Dependent Children (AFDC) program 60% Federal and 40% State. In 1996 the AFDC program was converted to the Temporary Assistance for Needy Families (TANF) program. Client benefits under this program were changed to 100% Federal, with the exception of a small part of the client population, approximately 10%, which are funded 100% State. This proviso has not been changed to reflect the change in the source of funds for client benefits.</p> <p>SCDSS is requesting to amend this proviso to allow SCDSS to draw down an additional \$1.6 million of federal funds through the 66% federal match available to the Child Support program. These funds will be used to fund Self-Sufficiency and Family Preservation and Support initiatives, and for the operations of the Child Support program, and to improve the security of Federal Tax Information (FTI) and Personally Identifiable Information (PII) data.</p> <p>Currently, the SCDSS collects approximately \$26 million per year by intercepting the taxes to be refunded to individuals who have a child support debt. The Internal Revenue Service controls the process of these intercepts and mandates the federal rules for handling FTI. Failure to follow the rules for storage, handling and transmission of this highly confidential FTI has both criminal and financial penalties. If the State of South Carolina is decertified to be able to intercept these funds, there would be major fiscal impacts.</p> <p>The criminal penalty for wrongfully disclosing or failing to properly secure FTI is 5 years in prison and a \$5,000 fine for each infraction. With several hundred SCDSS child support caseworkers having access to data and several thousand taxpayers' files being vulnerable, the potential for multiple breaches is significant. The resultant penalties would likewise be severe.</p> <p>The financial penalty on South Carolina and its citizens if SCDSS loses the ability to intercept child support debts from potential refunds is also significant. Of the \$26 million that SCDSS intercepts, approximately \$20 million is owed and paid directly to the children to whom this money is owed. These funds, if not intercepted, would go to the non-custodial parent who filed the tax return and experience indicates that the likelihood of this money subsequently being sent by the non-custodial parent to pay his/her child support is extremely remote. The State of South Carolina receives approximately \$6 million of the funds intercepted because this is recoupment of Temporary Assistance for Needy Families (TANF) funds already provided to our citizens which would be lost to the State if SCDSS was not able to intercept tax refunds.</p>

FISCAL IMPACT	<p>Amending the proviso will decrease the General Fund revenue by \$800,000; however, by retaining those funds to be used as match, SCDSS can increase the total funds available by \$1.6 million. These funds will be used to fund Self-Sufficiency and Family Preservation and Support initiatives, and for the operations of the Child Support program, and to improve the security of Federal Tax Information (FTI) and Personally Identifiable Information (PII) data.</p>

SUMMARY	<p>This proviso creates the Healthy Bucks program to provide coupons that will allow Supplemental Nutrition Assistance Program (SNAP) recipients to obtain additional fresh fruits and vegetables when purchasing fresh produce at farmer’s markets with SNAP benefits through their EBT cards. This program was funded with \$1.892 million in bonus funds received from the U.S. Department of Agriculture for reducing the error rate in processing SNAP application for FFY12. Since June 2014 when the program started, until November 2014, \$2,620 of the \$1.8 million had been expended. Part of the difficulty in administering the program has been the restriction of using only farmer markets for distribution of the coupons.</p> <p>SCDSS is proposing amending the proviso to more effectively utilize these funds while continuing to support healthy eating habits among SNAP recipients through education and the ability to purchase fresh fruits and vegetables. To do this SCDSS proposes utilizing the unexpended balance of the Healthy Bucks program to enter into contracts with DHEC and Clemson to provide nutrition education to SNAP clients. By utilizing these funds for nutrition education, SCDSS can ensure that the \$1.8 million from bonuses currently funding the Healthy Bucks program will continue to be used to support healthy eating initiatives and the desired outcome of the proviso. Additionally, a portion of the funds would be utilized to subsidize funding the purchase of fresh fruits and vegetables at farmer’s markets after the completion of a SNAP Education program.</p>

of affairs without it.

EXPLANATION	<p>Specifically, the money will be used to provide incentives for the purchase of healthy food after a client has participated in the required SNAP education initiatives as well as the provision of a meal after the client has participated in a healthy cooking demonstration. Additionally, some of the funds could be used to continue to subsidize purchases made at farmer’s markets through the current Healthy Bucks model after participation in the SNAP education initiatives is completed. To see more success in the Healthy Bucks model, lessons learned from year one would be incorporated to ensure SNAP recipients are learning about the available funding, are educated about the various types of produce available, as well as learning how to cook the produce bought.</p> <p>Due to language changes in the 2014 Farm Bill re: ways states are allowed to use bonuses received as a result of high and/or improved performance in the SNAP program, bonus funds awarded to the state can no longer be used to provide for client incentives.</p>
